

(7) The Department will issue a certification to the Federal Transit Administration within five (5) days after the end of the negotiation/discussion period designated under paragraph (d)(6) of this section. The certification will be based on terms and conditions agreed to by the parties that the Department concludes meet the requirements of 49 U.S.C. 5333(b). To the extent that no agreement has been reached, the certification will be based on terms and conditions determined by the Department which are no less protective than the terms and conditions included in the referral pursuant to § 215.3(b)(1).

(8) Notwithstanding that a certification has been issued to the Federal Transit Administration pursuant to paragraph (d)(7) of this section, no action may be taken which would result in irreparable harm to employees if such action concerns matters subject to the steps set forth in paragraph (e) of this section.

(e) If the certification referred to in paragraph (d)(7) of this section is not based on full mutual agreement of the parties, the Department of Labor will take the following steps to resolve outstanding differences:

(1) The Department will set a schedule that provides for final resolution of the disputed issue(s) within sixty (60) days of the certification referred to in paragraph (d)(7) of this section.

(2) Within ten (10) days of the issuance of the certification referred to in paragraph (d)(7) of this section, and after reviewing the parties' descriptions of the disputed issues, the Department will define the issues still in dispute and set a schedule for final resolution of all such issues.

(3) The Department may establish a briefing schedule, usually allowing no more than twenty (20) days for opening briefs and no more than ten (10) days for reply briefs, when the Department deems reply briefs to be beneficial. In either event, the Department will issue a final certification to the Federal Transit Administration no later than thirty (30) days after the last briefs are due.

(4) The Department of Labor will decide the manner in which the dispute will be resolved. In making this deci-

sion, the Department may consider the form(s) of dispute resolution employed by the parties in their previous dealings as well as various forms of third party dispute resolution that may be appropriate. Any dispute resolution proceedings will normally be expected to commence within thirty (30) days of the certification referred to in paragraph (d)(7) of this section, and the Department will render a final determination, including the bases therefor, within thirty (30) days of the commencement of the proceedings.

(5) The Department will make available final decisions it renders on disputed issues.

(f) Nothing in these guidelines restricts the parties from continuing to negotiate/discuss over final terms and conditions and seeking a final certification of an agreement that meets the requirements of the Act prior to the issuance of a final determination by the Department.

(g) If, subsequent to the issuance of the certification referred to in paragraph (d)(7) of this section, the parties reach an agreement on one or more disputed issues that meets the requirements of the Act, and/or the Department of Labor issues a final decision containing revised terms and conditions, the Department will take appropriate steps to substitute the new terms and conditions for those previously certified to the Federal Transit Administration.

(h) Notwithstanding the foregoing, the Department retains the right to withhold certification where circumstances inconsistent with the statute so warrant until such circumstances have been resolved.

(a) The certification made by the Department of Labor will afford the same level of protection to those employees who are not represented by labor organizations.

§215.5

(b) If there is no labor organization representing employees, the Department of Labor will set forth the protective terms and conditions in the letter of certification.

§215.5 Processing of amendments.

(a) Grant modifications in the form of grant amendments will be transmitted by the Federal Transit Administration to the Department for review. Applications amending a grant for which the Department has already certified fair and equitable arrangements to protect the interests of transit employees affected by the project, will be processed by the Department following one of the two procedures described in paragraphs (a)(1) and (2) of this section.

(1) When an application amends a grant for which the Department has previously certified fair and equitable arrangements and the amendment makes changes to a project that may necessitate alternative employee protections, the Department will conclude that the amendment materially amends the existing assistance agreement. The Department will refer and/or process the labor certification provisions of such an amended grant according to procedures specified under §§215.3 and 215.4, as appropriate.

(2) When an application amends in a manner that is not material a grant for which the Department has already certified fair and equitable arrangements, the Department will, on its own initiative and without referral to the parties, certify the subject grant on the same terms and conditions as were certified for the project as originally constituted. The Department's processing of these applications will be expedited and copies will be forwarded to interested parties.

(b) Budget Revisions that make minor changes within the scope of the existing grant agreement and do not require a Federal Transit Administration grant amendment, as set forth in Federal Transit Administration guidance, will be covered under the Department's original certifications.
